## Hospital Fund Drive Underway

Mrs. Roy Brown, chairman announces the Annual Membership Drive a part of the program of the Women's Auxiliary of Glades General Hospital, is again underway. This is a financial drive and is always undertaken for a specific need.

"It is sincerely hoped that this year the entire community will cooperate since it is essential to be realistic, practical and honest about our contributions," Mrs. Brown said. "Your hospital is a community agency and the women who shall solicit your help make up a part of this great Nation's Voluntary Service. They realize as you do, with such a growing population in Belle Glade, more demands are made."

Donations which are needed more than ever before will be channelled this (Continued On Page 6A)

## Open House Friday At New Dixiana

Joel and Louise Bass will hold Open House Friday afternoon, January 22, from 1 to 6, for their many friends and customers, at their new home located on the corner of SE Avenue E and First Street.

"The Bass family" took over the operation of the "Old Dixiana" in 1952, when their rented building on the corner of Avenue E and Main Street offered hospitality for only 27 counter service only.

Under the guidance of Mr. and Mrs. Joel Bass, the business grew to the addition of spacious dining room accommodations in the old location and seating for 125.

"The new home is comfortable, attractive and spacious and the 'homey' feeling folks always found at The Dixiana's still retained."

The private dining rooms upstairs offer facilities for private dinners and parties by reservation only.

We could tell you more... but see for yourselves! Be sure to call between 1 and 6 on Friday... tomorrow!

## Return To Seasonal Temperatures Here

Glades residents were enjoying fair and warmer or weather again on Wednesday and U. S. Weather Bureau chief Wilbur Mincey reported more of the same coming up, with a return to more seasonal temperatures over the next five days.

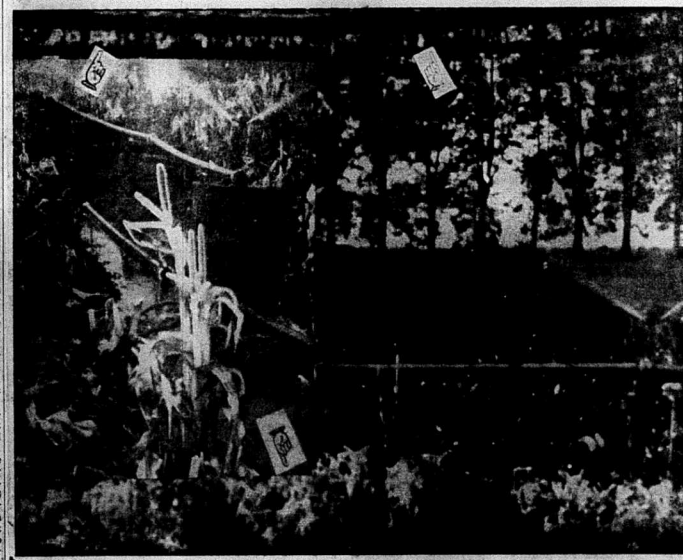

This was welcome news, coming on the heels of the lowest temperature readings recorded in the Glades since the 1940-41 season. Eighteen degrees were charted on March 2, 1941 for the six mile bend area. Temperatures ranged from a low of 18 to 28 degrees for the 8-12-hour northern-type weather which gripped the area Sunday night and Monday morning. In two places, South Florida Sugar Mill and at a spot about 5 1/2 miles northeast of Belle Glade, the mercury dropped to 18, while the temperature held to 27 degrees within the City, according to Mincey.

Damage was moderate to severe on crops in fields visited by the "weather man." Pastures are really brown, but with rainfall and warm weather they would come out quickly, Mincey said.

G. F. Pittman of the Fruit and Vegetable Marketing News said due to an extremely warm winter so far, most crops were not as hardy as in some periods.

## Hours Of Below-Freezing Temperatures in Spots

Iceicles are not common sights in the Gladeslands around Lake Okeechobee. These at the Experiment Station were in a corn plot where overhead sprinkling of 10-12 degree water was intended to lessen damage from the low temperatures. The damage to Glades vegetables has been lessened herebefore.

These pictures were taken Monday morning January 18th.

With temperatures ranging from 19 in outlying areas to reports from the Everglades Experiment Station of their recording charted gusty low temperatures, Glades crops "took one of the occasional cold blasts from the northwest since Sunday."

"Total loss is known in tender crops such as corn where ice in cabbage heads produced rot; ice in celery, of which considerable is reported, is another one which saved entirely."

Rye grass normally will stand 20 degree temperatures, but dead rye grass reportedly resulted from the freeze at Big B Ranch, 21 miles south on US No. 27.

The full destruction of the freeze will not be known for several days — until it can be determined in each field whether ice in cabbage heads produced rot; ice in celery, of which considerable is reported, is another one which saved entirely.

will be necessary to determine full damage.

Leaf crops were burned; how much is not yet known, but considerable damage is definitely known now.

Corn, one of the two major volume and money crops is seriously damaged. Replanting in a short period of time following the freeze will bring a surplus at harvest within a short time. The damage to celery is undetermined.

Frozen buds in sugarcane ne-

cessitates a harvest to keep ahead of the souring stalk. The tops of each stalk must be cut to eliminate the damaged portion, with a consequent loss of tonnage and sucrose.

How extensive the damage is will be a matter of minute inspection in each field.

The Bureaucrats in Washington could have saved their faces had they had "proper communication" with the Determining Influence of Nature. Nature has reduced the sugar production.

## Roberts Again On House Appropriations Committee

The Committee on State Institutions of the Legislative Council, in session at Sarasota: L to R Senator Beth Johnson of Orlando, Emmett Roberts, Chesterfield Smith of Arcadia, Representative Dick Mitchell of Leon and Committee Assistant John Parker of Tallahassee.

The Legislative Council functions between sessions to consider, originate and plan legislation for consideration of the Senate and House in their regular sessions. Needless to say, this Committee wields a great influence on Florida's legislative course.

The importance of membership on this important Committee to Palm Beach County is emphasized when we remember the Experiment Station and the Glades Correctional Institution here, the Central and S. F. Flood District, Atlantic Un-

iversity and the Sanitarium at Lantana.

House Speaker E. C. Rowell made public his House Committee on Appropriations, and the name of Representative Emmett Roberts is again on the list, as the Palm Beach County Delegate's representative.

Two other House members in southeast Florida are on the Committee: Jess Yarborough of Dade County and Representative Frank Fee of Ft. Pierce.

Senator George Hallahan of Dade and Senator A. J. Ryan of Dania are the only southeast

Senators of the 21 member Senate Appropriations Committee.

Mr. Roberts held a meeting of his Personnel and Retirement Committee in Sarasota and will make a report to the full Council in Tallahassee.

Roberts as Chairman of the Personnel and Retirement Committee of the Council, presented four bills to correct present inequities in Florida's retirement program.

The members of the legislative also received a report of the state's financial position,

## Legislative Work Is Full Time Job For Roberts Now

Associated Press stories out of Sarasota last week during a legislative gathering, quoted Representative Roberts of Palm Beach County, as expressing interest in running for the Public Utilities Commission, now held by Jerry Carter.

Roberts said: "When questioned by this paper, at the present time, I am concentrating on the forthcoming legislative session, and working on the problems of Palm Beach County."

"I appreciate the interest shown state-wide in the possibility of my becoming a candidate for this office, as a Public Utilities Commissioner exercises great responsibilities for the public. The growth of our state has increased many times the activities of this office, and the opportunities for public service are tremendous."

## Many Of Our Young Folks Will Be Participating In P. B. County Fair

### 4-H Golden Rams Aim For Top Prizes

Dallas Nehls, leader of the Belle Glade 4-H Golden Rams, reports twelve boys for sure will be participating in the Fair Show at the South Florida Fair, West Palm Beach on Jan. 22 at 6:30 p. m.

The group will enter calves, poultry and rabbits and have electric lamps which they have made.

### Belle Glade FFA To Show Steers

The Belle Glade Chapter FFA will be showing their steers in the Beef Show at the South Florida Fair, West Palm Beach on Jan. 22 at 6:30 p. m.

The steers will also be exhibited Saturday, Jan. 23, at 1 p. m. at that time they will be auctioned off. Fourteen boys have entered their steers for show and auction.

Anyone from Belle Glade buying the steers will be getting a bargain, as the FFA Chapter Tax Assessor, Edgar Maxwell, will be at the City Hall in Belle Glade, January 28th between the hours of 10:00 a. m. and 2:00 p. m. This is for the benefit of local homeowners who wish to make application and file for exemption. City Tax Assessor, Renee Lee, states that both County and City may be taken care of at the same time.

### Be Sure And Attend 4-H Dress Revues

Glades folks will have an opportunity to see what the 4-H girls have been doing in making clothing and also demon-

strating various foods. Their Dress Revue and food demonstration will be in the Agricultural building, at the South Florida Fair.

The 4-H Dress Revue, scheduled for the Glades Area is as follows:

Saturday, Jan. 23 — 1 p. m., Canal Point and Pahokee.

Tuesday, Jan. 26 — 4 p. m., Belle Glade.

Saturday, Jan. 30 — 10 A. M., Lake Harbor and South Bay.

The Blue Ribbon Dress Revue is January 30. This Dress Revue is the Grand Champion event.

More 4-H action is in store too. Demonstrations for Belle Glade girls in the clubs of Mrs. Lee, Mrs. Sellers and Mrs. Lewis, leaders, will be on Tuesday afternoon before the Dress Revue beginning at 1:15 p. m.

Checks and ribbons for premium winners are mailed to leaders after the Fair. Blue Ribbon winners take home \$2.00, Red Ribbon Winners, \$1.50 and White Ribbon Winners \$1.50.

There will be two judges for each dress Revue and three judges for the Blue Ribbon Dress Revue. This is the first year Rosettes will be awarded to Grand Prize Winners in each clothing project year.

The commentary for each girl should be written before she comes to register and brought with her.

Kickoff breakfast will be held next Wednesday, Jan. 27 at the new Dixiana at 8 a. m. for these chairman and the men working with them. Chairman McDaniel urges all to attend.

Dr. John L. Grady will speak and Miss Virginia McVey, executive director of the Heart Association of Palm Beach County will be introduced.

## Seven Initiated Into Belle Glade BPW Club

Five New Members of BPW Club are pictured here with two of the Club Officers L-r: Kathleen Rogers, president, Sarah Vanlandingham, Vida Hardee, Ruth Enfinger, Lula Bailey, Geneva Cross and Marie Causey, 2nd vice president and Membership chairman, who conducted the initiation ceremony. Two of the new members Kay Fisher and Ann Alford were unable to be present and were inducted by proxy.

Seven members were inducted into the Belle Glade Business & Professional Women's Club at the regular meeting of the club Monday night at the home of Mrs. Rosa Nash.

Marie Causey, 2nd vice-president and membership chairman, conducted the initiation using the World Globe, with green and yellow links made into a chain. The theme was "A Chain is only as Strong as its Weakest Link." During the initiation seven additional links were added to the chain and placed around the globe.

Mrs. Causey discussed, "BPW Is Its Purpose, and Most Active Programs." She also told the group, there are approximately 110 BPW Clubs in the State of Florida with more than 3,000 members. The National Federation of BPW is composed of more than 3,550 clubs in the 50 states, District of Columbia, Puerto Rico and the Virgin Islands.

The following were initiated: Ann Alford (by proxy, Ruth Enfinger), Lula K. Bailey, Geneva Cross, Ruth Enfinger, Vida Hardee, Sarah Van Landingham and Kay Fisher (by proxy, Irene Doubt). Each member repeated the pledge of allegiance to the Club. Immediately after the procedure, new members formed links in the chain.

Much interest was displayed by the entire group when Mrs. J. Eddie Jones, Extension Officer, reported on the forming of the new chapter of Beta Sigma Phi here in our city. She reported twenty-one on the roster, and announced that the Pledge Ritual would be conducted on February 4th. This being the first Friendly Visitation to form a new chapter in Belle Glade, the results were most gratifying and all members of Xi Beta Chapter are planning to attend the Pledge Ritual, pledging full support of the new group.

Service Chairman, Mrs. F. W. Cross, Jr. reported that the group was to be commended for their voluntary response to the call for workers for the March of Dime endeavor address work on completed this past week. She also reported plans to having as the chapter's guest at the next regular meeting of the

Year was announced as Mrs. Ruth Wedgworth. She will be introduced at the District meeting with candidates from other clubs, and the selection for the District Woman of the Year will be made.

**TODAY's meditation**

**Chelpper Room**

THE WORLD'S MOST WIDELY USED DIVISIONAL COUNCIL

I will look today for unnoticed reasons to be grateful.  
Read Psalm 66:3-16

Come and hear, all you who fear God, and I will tell what he has done for me. (Psalm 66:16, rev.)

Knowing how to say "thank you" is one of the most important and gracious characteristics we can have. But we also know the unpleasantness of hearing and seeing a "thank you" said by the lips but not from the heart.

A grateful person is one who says "thank you" for things of a divine origin and continues to use them ever mindful of God, their giver. A grateful person is not an exploiter, who seeks mere blessings from God by the abundance of his or by the fanciness of his thanksgiving observances. A grateful person is not one who is zealous in giving thanks but once a year. He has at all times a grateful heart and offers thanks to God daily.

Thanksgiving is a condition of one's life rather than merely a tradition he observes. Sincere gratitude has a way of revealing itself in our daily lives. By giving thanks we express the gratitude we have and feel for God's blessings.

**PRAYER:** Father, help us to realize the why of our gratitude. Grant us to know the joys both of giving and receiving. Teach us to pour out of sincere hearts our thanks to Thee. In the spirit of Jesus. Amen.

## THOUGHT FOR THE DAY

God, their giver. A grateful person is not an exploiter, who seeks mere blessings from God by the abundance of his or by the fanciness of his thanksgiving observances. A grateful person is not one who is zealous in giving thanks but once a year. He has at all times a grateful heart and offers thanks to God daily.

Mrs. Malcom Barry and Mrs. Claude Jones are discussing the decorations and room furnishings in an efficiency apartment at the Holiday Inn.

Mr. Levesque, Innkeeper says, "These two ladies have been busy and of great assistance in determining the final decorations and furnishings for the entire project. All the offices, apartments and rooms will display their selections when finished."

"We are already receiving requests for reservations, but, unfortunately must turn down those who want to come before the opening," says Mr. Levesque.

At a preliminary interview period this week more than 60 applicants appeared for the 48 jobs to be open at the Inn. "Many of these are from the coast," says the Innkeeper. "and I am pleased at the response."

## Beef Stew Scores High In Economy

There may be grumbling about bills right at this time of year, but the United States is one of only four countries in the free world where food bills are less than tax bills.

Men understand this kind of talk very well, but so can housewives who spend close to one-fifth of each dollar on food.

A meat cut that's noted for its economy is boneless beef stew. It's a favorite cold weather treat that can be varied in many ways so it comes to the table always different, all ways interesting.

Grated carrot adds interesting texture while rosemary provides a novel herb touch in this stew thickened with barley.

- Barley Beef Stew**  
2 cups cut-up beef for stew, cut in 1 1/2-inch pieces  
3 tablespoons lard or drippings  
1 teaspoon salt  
1/2 teaspoon pepper  
1/8 teaspoon rosemary  
1/4 cup chopped onion  
2 cups water  
2 beef bouillon cubes  
1 cup barley  
1 can (4 ounces) mushroom stems and pieces  
1 cup coarsely grated carrot  
1/4 cup chopped tomato  
Brown meat in lard or drippings. Pour off drippings. Add salt, pepper, rosemary, onion, water, bouillon cubes and barley. Cover tightly and cook slowly 2 hours. Add mushrooms, carrot and tomato. Cover tight and cook slowly 30 minutes until beef is tender. 6 servings.

## Baptist Men's Day To Be Observed

The spotlight will focus on men when members of First Baptist Church observe Baptist Men's Day, January 24th. Announcement of the special event was made by Rev. Luther A. Key, pastor of the church located at 17 N. W. Avenue B.

First Baptist Church is one of an estimated 15,000 churches throughout the Southern Baptist Convention which will recognize their men in a special way on this day.

Beginning in 1933, the observance of Baptist Men's Day formerly known as Laymen's Day has been observed as an annual event in most Baptist churches.

Features of the day's program and activities will include a fellowship breakfast at 7:15 A. M., testimonies, special recognitions, and other event throughout the day's services.

Sponsor of this special day is the Brotherhood of the First Baptist Church, of which Mr. Harry Davis is the President.

This brings to mind the Christian Church. It was founded upon the teachings of Jesus who lived His life and did His work unperturbed by the coldness of many of His fellowmen and of the ruling officials. He knew that His work would stand because it was founded upon truth. It not only stood, but has flowed steadily on for centuries. It is still going on today in His churches.

If you do not attend church services why not go this coming Sunday, and identify yourself with this steady flow of the best for which life stands?

There is always room in the river for one more drop of water. There is always room in the Church for one more worshipper.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. These four sacred reasons why every person should attend services regularly and work for his Bible daily.

Over 10 million motorists use the full-length Sunshine State Parkway between Miami and Wildwood in 1954. By 1970 over 100 million motorists will have used the turnpike.

An estimated 84 million persons reported one or more chronic diseases or impairments during a U. S. government health survey last year.

- Dr. E. W. Kilbourne**  
Dr. Edwin W. Kilbourne, field director for the Korea Field of The Oriental Missionary Society (OMS) and a third generation missionary, will speak at Community Methodist Church on Sunday, January 24, 11:00 a. m., Rev. W. R. Boland said today.  
The public is invited, he said.  
Dr. Kilbourne was born in Japan and has lived 37 years of his life in the Far East. Eighteen of these years have been spent in active missionary service in North China, and 16 in Korea.  
Forced to evacuate from Peking when the city came under Communist siege, Dr. Kilbourne with his family went directly to Korea to resume the work of the mission which had been interrupted in 1941 by World War II.  
When the Korean conflict broke out in 1950, Dr. Kilbourne's family was evacuated to Japan. But he was given military permission to return to Korea after Gen. Douglas MacArthur's Inchon landing, and there he remained most of 1950.  
Dr. Kilbourne, along with his administrative duties for the Mission, is president of Seoul (Korea) Theological Seminary and heads the Department of Philosophy and Religion.  
At present he is in the United States on a one-year's furlough and speaking tour.

## Prognostications For The New Year!

"Changing Times, says a file tax returns on which 7,233,000 children will stop outgrowing their sneakers this year.  
About 194,100,127 Americans will not be hurt or killed in an auto accident.  
Nearly 13,199,000 girls will outgrow the Beatles.  
About 730,000,000 acres of forestland will not burn up.  
About 4,503,000 couples will stay married.  
About 55,303,000 citizens will  
14 cup water  
12 cup dairy sour cream  
1/3 cup crumbled blue cheese  
Cut round steak into 8 serving pieces. Brown in lard or drippings. Pour off drippings. Season with salt and pepper. Add mushrooms, onion, Worcestershire sauce and water. Cover tightly and cook slowly 1 1/2 hours or until tender. Remove meat to heated platter. Add dairy sour cream and blue cheese to cooking liquid and blend well. Cook just until heated through. Serve over round steak, 6 servings.

## THROUGH THE CENTURIES...

Through cold, snow-covered fields, underneath ice-encrusted trees, the river runs its course.

This brings to mind the Christian Church. It was founded upon the teachings of Jesus who lived His life and did His work unperturbed by the coldness of many of His fellowmen and of the ruling officials. He knew that His work would stand because it was founded upon truth. It not only stood, but has flowed steadily on for centuries. It is still going on today in His churches.

If you do not attend church services why not go this coming Sunday, and identify yourself with this steady flow of the best for which life stands?

There is always room in the river for one more drop of water. There is always room in the Church for one more worshipper.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

Help and support the Church. They are: 1. For his own sake. 2. For his children's sake. 3. For the sake of his community and nation. 4. For the sake of the Church itself, which needs his moral and material support. This is to go to church regularly and work for his Bible daily.

## Know Your Bible Topic Heard By Wesleyan Guild

At the regular meeting of the Wesleyan Service Guild of Community Methodist Church, held in the church parlor, Mrs. Nina Wallis, president, presided, and also presented the program topic "Know Your Bible."

Mrs. Wallis gave an informative talk on the origin of the Bible, how it was assembled, where various books could be found, translation. She demonstrated with colored books, the books of the Bible parts concerning the law, prophecy, New Testament.

The guild members discussed the current project of the Circles of the W. S. C. S. of collecting worn sheets and old copies to be used in making cancer bandages. They agreed to help out in the project and advised everyone visiting to donate, to bring and deposit in a container in the hall.

Miss Sara Lee Creech, who will be in charge of the program at the meeting next month asked each one to bring an inspirational poem or thought that had been a help to them, or meant a lot of them.

## Laymen's Day To Be Observed Sunday

The First Baptist Church of South Bay will observe "Laymen's Day" next Sunday, January 24th at the morning and evening worship hours.

The Laymen's Day activities will begin tomorrow, Friday evening with a Fish-Fry at the church for all men of the church and men of the church families. The Ladies of the Women's Missionary Union along with the deacons of the church are sponsoring this supper for the men of the church families.

The pastor will be speaking on Sunday Morning Service at 11:00 A. M. on the Topic, "Am I My Brother's Keeper" with the men in charge of the other church program. On Sunday evening two of the Laymen will be bringing messages to the church.

The Deacons: Mr. Larry Williams, Mr. Noel Campbell, Mr. W. G. Bowen, Mr. Thurman McKey and Mr. W. C. Allen along with the Pastor Rev. James A. Fenton urged all of the men to be present on Sunday evening at the church for the Fish-Fry at 7:30 p. m. and at the Preaching Services on Sunday.

## Holiday Inn Film Shown To Lions

Roger Levesque provided the program for Belle Glade Lions at their Wednesday noon luncheon meeting at the Civic Center, citing the history and organization of his company from its beginning.

Inskeeper for Belle Glade's new Holiday Inn, scheduled to open next month, Levesque showed a film on the company's progress from its organization at Memphis, Tennessee in 1954, to today, reporting they now have over 650 motels in operation along the eastern seaboard. He informed the group on the firm's method of "wing help," how help is screened, and discussed the future incentive offered to Holiday Inn employees, who, he said, can work into a profit sharing plan with the company.

It is hoped that everyone will give generously, as this will be the last appeal for funds at these facilities, when put into operation, should be self supporting.

During the past year the Auxiliary has contributed a new oxygen tent, a television and furnishings for the Nurse's home. At Christmas each patient received a small gift, presented by Santa Claus, on Christmas morning. The total amount donated for these projects was \$1,837.80.

A workshop from 11:45 to 12:45 will be presented by Jeannette Odum, Indianapolis, Chairman of World Affairs committee, an interesting facet of Naturalization. A recess will follow with luncheon served at 1 p. m. by St. Philip's Altar Society.

During the business meeting election of officers will be held. Alma Gray, Orlando, World Affairs, chairman for the state, will present the "Woman of the Year" candidates for all clubs of District 8. The selection of the Woman of the Year will be made and the winner will be announced.

At 3 p. m. a tour of the Glades Sugar House will be taken with Bob Lee, personnel director, escorting the ladies. Reservations for the luncheon may be made by calling Donna Bair 996-3764.

Fifty-three million persons were injured in the U. S. in 1964, a rate of 28.6 per 100 persons.

## Glades People Lend Their Efforts To Assure Successful X-ray Survey

THE HERALD, Belle Glade, Florida JAN. 21, 1965

"The response of citizens in Belle Glade and the surrounding area, to the need for their cooperation in the X-ray survey, is a success of the Mobile X-ray Unit Survey, has been most gratifying," Public Health Department Supervisor, Julia Hampton said. "Without the help of the local people this project could not be carried out."

The Palm Beach County Health Department furnishes the equipment, the services of a Nurse-Coordinator and the X-ray technician. The Tuberculosis Association is paying for the services of one clerk who goes with the unit to register the people. Mrs. Hampton explained. Since she is unable to handle all the people who come to have X-rays, local volunteers are needed to assist her.

The Nurse-Coordinator comes into the community in advance of the unit, to organize those who will help on the project. Names of people in the community who will be most likely to help are given her by the local Health Department Nurse. The unit will be at all working hours. Some of the local merchants

have given space in their parking lots for the unit to park in.

In industries or housing areas when it is practical to do so, the owners, managers or superintendents have pre-registered people to expedite taking the films.

"News media have been most helpful in publishing or announcing the schedule and by putting posters in places of business, churches, and schools, and we are most appreciative," Miss Hampton said.

A special effort has been made to reach the Spanish speaking residents. Mr. Jose Larrando spent one of his holiday weekends making posters in Spanish to let the Latins know of the program.

During the first six days the unit was in Belle Glade 1897 Some of the local people who

There were vegetable growers, cane growers, citrus men and tropical plant nurseries. All cities around the Lake were represented at Clewiston. The Resources Development Board has all east coast cities lined up for representation at Thursday's hearing in West Palm Beach.

We believe the comment is correct, with emphasis on those of practical experience. From the Glades there was O. B. McClure, Mrs. Ruth Wedgworth, A. B. DeGraw, R. E. Watson, and representatives for all the Sugar mills — all eleven of them.

The theory advanced by Secretary Adams for the State Board of conservation is that: (1) The State of Florida is legally possessed of control and the fishing out of fresh water within the State; and (2) The Board, and all interested State divisions are anxious to meet with the engineers and other interested groups to CONSERVE our fresh water supply and to equitably distribute it.

There is accumulated in the records sufficient engineering data on which the Corps may base its recommendations. There is weighty legal testimony as to the rights of human use of the water and the subsequent priority of the agricultural area.

Senator Holland transmitted to the Hearing Officer his desire that the Agricultural Area around Lake Okeechobee be included on the study and report.

That is the latest official act concerning the hearings that assure Lake Okeechobee residents that we will be included in the final report.

## Race Track Taxes

Come Arollin' In

State Comptroller Ray E. Green says checks for \$19,000 are being mailed to each of the 67 counties from the state race track tax fund.

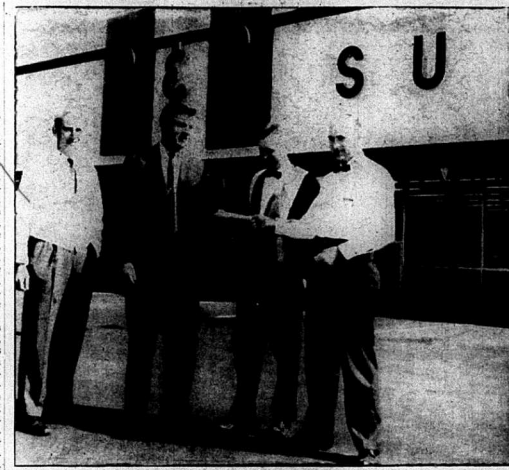

The Comptroller said the amount represents an increase of \$5,000 over the same month last year, and a total of \$11,000 more for the first six months of the current fiscal period over the same period last year.

Each of the counties has received a total of \$71,000 during 1964-65.

A typical child born today can expect to live more than 10 years longer than a child born in 1930.

ricus seasons. Heavy damage is reported to hardy leaf crops and most tender ones are killed out. Practically all corn, from a few inches high to tassels stage was killed, although a few isolated spots escaped damage. Harvest from a few older corn fields will continue with quality reduced on most, and corn shipments will be light in volume for several weeks. Supplies will be light on leaf vegetables, (altho some can be trimmed and harvested) until new crops are ready for market.

Celery, the Glades major crop, was hurt least of all. Damage to cabbage will vary — some will be plowed up and quality overall will likely be reduced.

## Our Latin Neighbors' Column

Mr. Pepe Fernandez Jr. finds himself at home now, back from the hospital, and all his friends are very glad with this news. He is very much esteemed here in the Latin Colony.

This last week has been abundant in bad colds for everybody, which attacked your stomach. They say it's a virus.

In Glades Sugar Mills, they need bilingual stenographers, both in English and Spanish.

A number of our young students have won scholarships, and others are studying away from Belle Glade. Some we find in Yale University, others

in Troy, New York, Reinsaler Military Academy, St. Paul, New Hampshire. And some of our teenagers are finishing their boarding schools at the Holy Names Academy and Mary Help of Christians, in Tampa; others in Barry College and LaSalle, Miami. We have also had word from students making their studies in Chicago and California.

It is really wonderful to see how quick and how much our town of Belle Glade has grown. I know it's been five years since we Cubans have been arriving. And although our customs and manners possibly would seem strange and difficult to our American neighbors, we really are getting along fine.

From Madrid, Spain, we had the sad news that Luisito Entralgo finds himself in a very serious condition all last week. He was one of the owners of 21 the music store in Havana. He fought with the boys at the Bay of Pigs, and was made prisoner. In jail he contracted dysentery and a strong hepatitis, cause of the many complications he has now in the Hospital. Mrs. Entralgo, Titi Macia, accompanies him.

## Local Recruiter Has Invitation To Inauguration

A special invitation to attend the inauguration of President Johnson was received by the local United States Army Recruiter, Sergeant First Class Ronald E. Rosser.

The invitation was for the entire gala affair, and informed him he would be considered an honored guest of the President during the festivities. Sergeant Rosser earned this honor in Korea 12 years ago when, as the "angry man" of Korean War fame, he partially avenged the death of his younger brother at the hands of the Reds by wiping out a whole platoon of Communists. His actions there resulted in an award of the Medal of Honor.

Now operating under less duress, the sergeant is guiding young men and women of the area in selecting the military life best suited to their own abilities and personality. He will again visit the Draft Board in Belle Glade Wednesday morning, February 10, to counsel young folks who have an interest in the service, and to answer any questions posed by the local citizenry.

## Paul Rogers Dislikes Foreign Aid

Congressman Paul Rogers of Florida's 6th District has urged an all-out effort to revamp foreign aid in the 1965 session of Congress.

Rogers said, "Americans are tired of giving aid to countries who take U. S. dollars with one hand and slap us in the face with the other."

"Egypt and Indonesia are high on the list," the Florida Congressman stated. He recalled that a raging mob of Egyptians burned the John F. Kennedy Memorial Library in Cairo last year, destroying other U. S. buildings as well, yet Egypt's President Nasser has thus far not paid for the damage.

Rogers also cited the increasing anti-American acts of Indonesia's President Sukarno, coupled with his repeated threats to invade neighboring Malaysia, as reason for reform.

"The time has come to start assessing our aid abroad in terms of dollars and sense," Congressman Rogers said. "The facts show that just last year alone Nasser of Egypt wheedled over \$145 million from the U. S. taxpayers, and total U. S. aid to Egypt since World War II comes to almost \$750 million. Yet Nasser overlooked this generosity during the anti-American rioting in his capital, and has made little effort to pay for the damage now estimated at a half million dollars."

Rogers said the U. S. must adopt a similar attitude toward Sukarno, whose nation has received \$720 million since the war.

"The American people have lost their patience with countries who bite the hands that feed them. This mood is reflected throughout the country, and is particularly prevalent in the new Congress," Rogers concluded.

## His father's '65 Ford.....rides quieter than his father's Rolls-Royce

We know it's hard to believe a Ford could ride quieter than the famed Rolls-Royce. But it's a fact. Leading acoustical consultants conducted tests in which three V-8 powered Fords (Galaxie 500 Sedan, new Galaxie 500/LTD and LTD Hardtops) with automatic transmissions rode quieter than a new Rolls-Royce. The tests were certified by the U.S. Auto Club. Of course, the best test of all is to get behind the wheel yourself...and listen to a '65 Ford in action.

That's what Chuck's father did. Ford's quietness really impressed him. But it wasn't the quietness alone that sold him. He shopped around and found that Ford offers features and models and quality that simply aren't matched by other cars in its class. For example:

- 100% new body—strongest Ford body ever.
- New frame "tunes out" vibration.
- Decorator-appointed interiors in LTD's, thick nylon carpeting.
- More luggage space than in most competing cars—trunk holds four 2-suiters standing upright with room left over.

Thrifty, quiet new Big Six—the biggest Six offered by any car in Ford's class...289-cu. in. V-8 in XL's and LTD's.

All automatic transmissions have three speeds, not two as in some competing cars—smoother shifting, more economy.

Silent-Flo ventilation (in 4-door hardtops) provides fresh air in car with all windows shut.

Handy reversible key works either side up.

There's more...much more in a Ford than you'd expect for the money. Visit your Ford Dealer and take a test drive, soon.

## Power At The Top

The proposal that a portion of federal income tax revenues be returned to the states, so that they can do needed things for themselves instead of having to look to Washington for help, isn't likely to get anywhere in the foreseeable future. It is a highly complex and controversial matter.

But the mere fact that so revolutionary an idea is urged by responsible people is in itself a biting commentary on what has happened to the American system of government.

The founding fathers established a central government of severely limited powers. It was to do what only a central government could adequately do, such as to provide for the national defense. The states and local governments were strong and independent entities, entrusted to meet the varying wants

needs and problems of their populations.

The formal structure of state and local government remains. But the foundation has been largely whittled away by legislative acts, by administrative decisions, and by judicial interpretation. In more and more areas of our national life, Washington calls the tune, and all must dance to it.

This is costly in dollars — the vast administrative bureaucracy must be paid. It is costly in a more important coin — that of diminished or destroyed state and local rights, obligations, responsibilities, and power of decision. Unless a halt is called, the end result can only be a federal welfare state in which the individual is only a number and all power is concentrated at the top.

## Grassroots Opinion

WAYNE, W. VA., NEWS: "Drinking and driving is the primary cause of traffic accidents. . . according to law enforcement officers all over the state. Everyone knows that alcohol and driving don't mix. Everyone knows that drunken drivers are a menace on our highways. Yet how often do you hear someone saying, 'Thanks, I'm not having any. I'm driving.' Instead you will hear otherwise intelligent men happily proclaiming their capacity before they crawl into their cars and weave on down the road."

EATON, COLO., HERALD: "I read in a Nebraska paper this week where they are thinking of changing the meal on Thanksgiving from Turkey to Potomac Trout. Seems as if they are thinking thanks should be given to the government instead of to God, where it rightly belongs."

SELBY, S. D., RECORD: "Two can

live as cheaply as one large family used to."

LA CROSSE, KAN., NEWS: "We believe that the public should not be hooked on the true costs of an effective health program and if a sound, realistic program cannot be accepted by the public on its own merits it should not be imposed on them by the government."

COATESVILLE, PA., RECORD: "As we recall those men and women who gave their lives that we might continue to enjoy freedom, let us muster the strength to carry forward their unfinished work. Let us not forget we must make sacrifices if we are to be successful in combating the ills that would destroy us from within."

ROYCE CITY, TEXAS, AMERICAN: "You may have a wonderful excuse for your failure but the world pays cash for success."

## Diazinon controls most Florida vegetable insects.

Diazinon\* insecticide is the only product you need to control most of the major insects of Florida vegetable crops. Here's the kind of "money-in-the-bank" program that Diazinon can provide:

Diazinon simplifies your spray program. It reduces the need to use several different insecticides. You spray less when you spray with Diazinon. So you save time and money.

You kill insects quickly with Diazinon. And the "staying power" of Diazinon provides outstanding control of problem insects like aphids, Southern Armyworms and leaf miners for a long time.

You can use Diazinon throughout the seasons. And close to harvest . . . without residue problems. So take advantage of the benefits of superior vegetable insect control with Diazinon. Order dependable Diazinon 50W wettable powder, or Diazinon AC500 emulsifiable concentrate, from your local supplier today.

## The Orient Can Be Most Interesting

Two Belle Glade ladies, Ruth Wedgworth and Edith Freudlund, were privileged to make a tour of the Orient this summer, and their reports of interest visited, things seen and their observations, we believe, are very interesting reading. We offer this report as of interest to residents, to school-children, to grown-ups for the observations on the life of the Orientals and descriptive report.

## Uncle Dan Says:

Dear Mister Editor:

The feller at the country store Saturday night was paying their annual respects to the Internal Revenue boys in Washington. Ed Doolittle had it figured out this department was operating on a sort of sub-lease plan. Ed says they get experts to make up the forms and they fix 'em so it takes other tax experts to fill 'em out. It's like a doctor running a funeral parlor, claims Ed, the house can't lose.

What brung up the subject was Zeke Grubb reporting he had saw the new tax forms for farmers and ranchers and they got 72 questions a feller has got to answer. Zeke said he had saw in the papers where the forms was going to be more "simplified" this year on account of they was fixing 'em so's they would work in them computer contraptions. Zeke allowed as how if they "simplified" 'em about one more year they would write 'em in Greek and put on a 25 cent penalty fer using the dictionary. Clem Webster was taking up a little fer the tax boys, claimed all they been doing ever is closing up on a put on a hole. Fer instant, he said he had a neighbor once that returned his horse as a dependant. The tax form fer that year didn't ask the name of kinship of a dependant, just whether they was male or female. This neighbor said the horse was eating his oats, corn and hay and was costing him more'n any kid he had, so he just listed him in the male column and took the proper deduction.

The feller that rung the store had an encouraging note. He reported he had saw in the papers where the city of New York was aiming to put on a payroll tax and some of our Congressmen was leaning in the direction of a Federal sales tax. He predicted the day was coming when the Governments at all levels would get together and take over everything, then give ever family 50 acres and a jeep and tell 'em to root hog or die. A good many of the fellers, Mister Editor, was of the opinion this might be the best plan. It would be interesting to get your opinion in this matter.

Josh Clodhopper was hoping things might get better, said he was reading where Secretary McNamara was fixing to cut another billion dollars off the military spending, said matters was getting top heavy in that department.

Personal, Mister Editor, I ain't got much faith in that direction. I recollect reading when I was a boy that the United States founded our Navy in 1775 we started with 3 ships and 4 Admirals. By 1885 we had got up to 8 ships and 9 Admirals. They ain't been a time in our history when the military ain't been top heavy, never will be. Yours truly, Uncle Dan

We visited a Hindu Temple where they worship their God Krishna. This was completely different from anything we have seen. Along the roof were colorful statues of beautiful girl holding flowers, then many statues of the holy cows of India, cobras, and gorillas. There were statues of seven women depicting fertility. We walked around the three buildings completely fascinated by the colorful display of such different religious art. We were not allowed to go inside, but as one side was open, we saw brightly painted walls inside. At one side was a large bed of white rock where people walk on red hot embers once a year. The Hindu religion is the oldest religion in the world. There are eight million people from India in the Malaysian peninsula.

We visited the Tiger Balm Gardens which cover many acres, and are free to the public. The Aw brothers made millions of dollars selling the medicine "Tiger Balm". This can be taken internally, or there is another kind that is used as a salve. We walked up a hill where all statues are lifelike or larger, and very brilliant colors are used. Strange to say, there was a huge Donald Duck and also a Mickey Mouse. We walked thru rows of large torture chambers where people were depicted dying by every conceivable method — some having their arms or heads cut off by swords, or committing har-kari. The expressions on their faces were perfectly horrible, and the blood was brilliant and there was a lot of it. I should think children would have nightmares after seeing these things. We later visited the House of Jade. Passer had to be obtained by our Travel Bureau. This was the home of one of the founders of Tiger Balm. All the rooms downstairs were filled with shelves and glass cases filled with unbelievably beautiful figures and vases of jade and rose quartz. I was familiar with jade, but was astounded by the beauty of the rose quartz, which is even more expensive than jade. Once I priced a carved figure about 6 inches high, and it was \$200. There were large pieces of jade, and one of special interest was "Rebecca at the Well." As we walked out of this old picturesque house with a circular driveway and attractive plantings, we saw three men with straw baskets waiting for money to make the cobras inside perform.

On a tour of the city, we visited a Mosque built about thirty five years ago. Worshippers must wash their feet before entering. The building was very plain with no decoration of any kind. There was a large beautiful Persian rug on the floor, incense burning, and a raised place at one end where the Koran was read. This enclosed platform was made in Turkey out of bronze. There are 10,000 followers of Mohammed in this island. They must pray five times daily, facing Mecca. All Malaysian men wear black or blue velvet caps or fez and if they have made a pilgrimage to Mecca, they wear a white fez. They must fast once a year for a month by not eating between 5 a. m. and 6 p. m. In the jungle people are arrested for eating or drinking during the daytime. They can't even swallow the saliva. This is a real hardship on a working man who would get faint from lack of nourishment.

On the return to the city, we passed a rubber plantation, and got out to look and see how the rubber trees were tapped and the latex gathered. The trees were small and straight, and did not look at all like the trees we call rubber here. The sap is pure white, and runs into a container on the tree, similar to turpentine or maple sap. This latex is made into sheets and smoked to cure it, before it is shipped away.

## Columna Latina

Se acerca el 28 de Enero, Natalicio de José Martí, nuestro Apóstol de la Independencia. Para ello usaremos la pluma de Don Nicolás Estebanez, político Español que con gran entusiasmo y desinterés, defendió los clamores de independencia y libertad de Cuba.

### LA ISLA DE CUBA

"Esta hermosa isla es la mayor de las Antillas. Como la de Puerto Rico, formó parte de España hasta 1898. Al empezar el siglo no pasaban de 200,000 los habitantes blancos, número que se aumentó poco después con los emigrados españoles de Luisiana, Florida, Santa Dominga, Venezuela y Méjico, cuando cesó el dominio español sobre esos territorios. Siendo los habitantes pocos en número y muy adictos a la madre patria, no se produjeron en la crisis (nacional de 1808 los sucesos que ensangrentaron las importantes colonias del continente. En los ingenios de Puerto-Príncipe, Holguín, Bayamo y Trinidad se levantaron los esclavos negros en 1812. El orden se restableció a los pocos días, muriendo ahogados el mero libre José Aponte, y ocho más. En 1823 se notaron en Cuba las primeras tendencias separatistas, que no tuvimos eco. También hubo entonces algunos partidarios de la anexión a Méjico o a los Estados Unidos. En 1824 se sublevó contra Fernando VII el oficial de dragones don Gaspar Rodríguez, seguido de ocho lineros, al grito de viva la Constitución. Al ver que el pueblo no le secundaba, los sublevados huyeron. En 1828 se descubrió una con-

spiración separatista, siendo ahogados en Puerto-Príncipe don Francisco Auguero y Manuel Sánchez.

En 1834 llegó a Cuba de capitán general el célebre don Miguel Tacón. Presto buenos servicios a la sociedad perseguida el bandolerismo, restableciendo la seguridad en los campos y en los pueblos, ahorrando malhechores y corrigiendo abusos; pero con todo, fue un gobernante funesto: su política ahondó las divisiones entre cubanos y peninsulares, pues era un absoluto. En su tiempo ocurrió la sublevación del mariscal de campo don Manuel Lorenzo, comandante general de Santiago de Cuba, que proclamó la Constitución de 1812 y desconoció la autoridad de Tacón en 1836. Abundando Lorenzo por sus tropas, se embarcó en un buque inglés con los oficiales y soldados más comprometidos.

El regente del reino, don Balduino Estor, mandó a Cuba, de capitán general en 1841, al insigne patriota don Jerónimo Valdes, que además de ser un gran soldado era un político liberal y un gobernante justo. En su época se reorganizaron la acreditada Universidad de la Habana, y se hicieron reformas como la de la moneda, la supresión de los conventos y otras.

En 1843 regresó Valdes a España, contestando el viaje sus amigos, porque el no tenía más que una óra. Sucedió a Valdes el general O'Donnell, a quien cupo la triste suerte de tener que sofocar a Gabriel de la Concepción Valdes, más conocido por "Plácido", poeta populista que en "Plácido" se había puesto al frente de una conspiración para establecer una república de gente de color. Con el fuerte fusilado otros mulatos y un blanco de Canarias, contra el cual no resultaba más cargo que el de admitir a Plácido y recitar a todas horas sus versos; no encuentro el nombre, en su puño el general O'Donnell, canario poco amigo de las musas.

No sucedió nada importante en la isla hasta la insurrección organizada por Narciso López, que desembarcó en 1850 con 500 hombres en el puerto de Cardenas. El general Roncali, que

governaba a la sazón la isla, mandó fuerzas que batieron a los invasores obligándolos a reembarcarse con bastante pérdida de hombres. A fines del mismo año se reforzó el ejército de Cuba y fue nombrado capitán general don José Gutiérrez de la Caza.

En 1851 se levantaron partidas insurrectas, batidas y disueltas con facilidad; poco después desembarcaba Narciso López con 500 soldados bien armados cerca de Bahía Honda. Atacado en las Pozas por tres compañías, las aniquiló con el fuego de sus rifles. Reforzadas las tropas, desalojaron de sus posiciones a los alzados; los persiguieron y los dispersaron; en uno de los combates murió el general español don Manuel Ena. A los pocos días era ahogado en la Habana don Narciso López. De sus 500 hombres los que no murieron combatiendo fueron capturados. Fusilados muchos, se concedió el indulto a 180.

Desde entonces hubo en la isla, y fuera de ella personas que conspiraron ya por la independencia, ya por la anexión a los Estados Unidos. Ni faltaron chispas precursoras de la guerra ni persecuciones de las autoridades. En 1855 fue ejecutado en la Habana el catalán Pinto, acusado de separatista; algunos dicen que era solamente liberal. Cuba prosperaba en la época, como las que la opulencia, generadora de la molicie, hasta a dar satisfacción al espíritu de un pueblo, han tenido un costoso desenganzo. Los cubanos no pueden vivir sin libertad, y no hay dignidad donde impera el despotismo: los cubanos no pueden vivir sin libertad, y esta es incompatible con los privilegios y la esclavitud.

La revolución se preparaba en Cuba con el concurso de los dos ejércitos y de un gran número de peninsulares, al mismo tiempo que en España conspiraban contra Isabel II los patriotas más esclarecidos. En septiembre de 1868 se hizo en España la revolución que echó a rodar el trono y derribó el poder al partido moderado. Sin la revolución de la península, hubiera sido formidable por su unanime la insurrección de Cuba; pero al sublevarse en Yara don Carlos Manuel de Céspedes

con un puñado de hombres el 10 de octubre de aquel mismo año, la inmensa mayoría de los habitantes cubanos y españoles confiaban en la revolución democrática vencedora en Alcolea, de la que esperaban obtener libertad, equidad y justicia. Por eso la insurrección de Cuba solo contó con el apoyo de los separatistas y no tuvo en armas en ningún momento más de 10,000 hombres; a lo sumo 12,000. Duro sin embargo desde el grito de Yara hasta la paz de Zanjón, es decir, diez años; pudieramos decir que duro dos, pues algunos cubanos siguieron combatiendo cerca de dos años más.

La insurrección de 1895, obra de José Martí, y la intervención de los Estados Unidos en 1898, determinaron la emancipación de Cuba el 20 de Mayo de 1902.

### INTERESANTES NOTICIAS INTERNACIONALES DE ESTA SEMANA

WASHINGTON: El Presidente Johnson pidió al Congreso Americano el miércoles una nueva ley de Inmigración con un sistema de selección basado en las aptitudes y relaciones familiares de los inmigrados. Y no preguntará de donde vienen las personas, sino cuáles son sus cualidades personales.

GAZA: El Mayor General Sydenham, Sereno, Brasil, ha sido nombrado comandante de la Fuerza de Emergencia de las Naciones Unidas (NEPC) que guarda la línea de demarcación de armisticio entre Egipto e Israel.

PANAMA: El miércoles una tropa de guardias panameños fue retirada de las inmediaciones de la Zona del Canal de Panamá. Y el martes pasado hubo especulaciones sobre si continuara la agitación entre los estudiantes aun después de los cuatro días conmemorativos del primer aniversario de la revuelta antiamericana que al pasado año provocó la muerte de 21 panameños y 4 soldados de los Estados Unidos.

HOUSTON: Jeaneen McDonald, de 57 años de edad, cantante soprano, que se casó con Nelson Siddy en películas musicales en 1936, murió de un ataque al corazón en Enero 14, en el Hospital Methodist. Su esposo Gene Raymond estaba a su lado.

CALIFORNIA: Es realmente emocionante como un muchacho yugoslavo de 11 años, Jugoslav Vukobratovic se enfrentó con su madre para no volver a Yugoslavia. El juzgado le dio permiso a quedarse en este país y el muchacho declara que quiere volver a Yugoslavia porque:

"Alla no enseñan acerca de Dios. Nada mas me enseñaban lenguaje profano, y el uso de armas. Cuando los comunistas se adueñaron de Yugoslavia,

le quitaron la tienda de sastre a mi padre. En 1961 el escape, y a los tres meses de estar aquí murió en un accidente de tráfico. Vine en Octubre con mi madre para activar una demanda judicial. Mi madre quiere que yo regrese con ella a Yugoslavia, pero el juzgado me ha permitido que me quede. Mi padre me enseñó que Dios era un poderoso que todos los hombres de la tierra. Yo creo en Dios, y rezé antes de las Comidas. Los Comunistas enseñan solo la ideología de Karl Marx, y Sobre la Nueva Clase Comunista. Nunca enseñan nada sobre la historia. Serví anterior al comunismo. No comparto el criterio de que el Mariscal Tito siempre tiene la razón, y de que no debemos a prender nada sobre nuestra historia anterior. La clase trabajadora carece de alimentos. Los esclavos son tan bajos que no pueden comprar ni comida ni ropa. Solo los comunistas viven bien. El Cuerpo de mi padre está enterrado aquí, y yo deseo quedarme aquí."

AFRICA: El Doctor Albert Schweitzer, ganador del Premio Nobel, humanitario, filósofo, y médico misionero, cumplió 90 años el jueves pasado, alerta y energético, paso su cumpleaños en un hospital de la selva del Oeste Africano. Schweitzer dirige el hospital de Lambarene con mano firme. El dice: "Yo soy un viejo doctor, y la autoridad viene con la edad."

WASHINGTON: Hay indicaciones en Washington que los Estados Unidos están buscando dentro de Cuba, un nuevo líder para oponerle al Premier Fidel Castro.

La Colonia Cubana en el exilio es considerada como demasiado dividida políticamente sin suficiente fuerza para derrocar al gobierno de Castro.

Los Estados Unidos siguen enviando cheques anuales por \$2,000 a Cuba por la renta de la Base Naval de Guantanamo, que el gobierno de Castro no convierte en efectivo.

COLOMBIA: Publicamente oposita al régimen de Castro, negro la vice al team Cubano de Baseball en Cuba. E invitó a los jugadores Cubanos a que representen a Cuba en el Comité Olímpico Internacional.

WASHINGTON: El presidente Johnson quiere solucionar con el Plan de Comida y Paz, la total eliminación del hambre en países extranjeros. Están haciendo consideración Chile, Perú, Filipina, Africa. Este programa incluiría leche en polvo, suplementos de proteína y otros alimentos que el gobierno compraría para alimentar con prioridad a los niños necesitados del mundo.

LONDRES: Sir Winston Churchill tuvo un coagulo cerebral conocido por una embolia, el Viernes, a los 90 años de edad, y estuvo muy cerca de la muerte. Un sentimiento ansioso se reunió ante su muerte.

HAVANA: Se recibieron allá las primeras tres locomotoras de construcción Rusa, listas para cargar canas de azúcar. El gobierno Cubano ordenó 80 locomotoras de las cuales Rusia suplirá la mitad, y Gran Bretaña y Francia la otra mitad.

### NOTICIAS A NUESTRO ALREDEDOR

Ya el señor Pepe Fernandez, Jr., se encuentra de nuevo en su casa, de vuelta del hospital, y todos sus amigos se alegran mucho. El se una persona muy estimada aquí en la Colonia Latina.

Ha habido toda la semana pasada una epidemia de catarros fuertes que atacó al estómago, por toda esta zona. En el Glades Sugar House se necesitan dos mecanógrafas bilingües, en Inglés y Español.

Un número de nuestros jóvenes estudiantes ha ganado becas, y hay otros estudiando fuera de Belle Glade. Algunos de ellos están en la Universidad de Yale, otros en Troy, New York, Rensselaer Military Academy, y St. Paul, New Hampshire. Y algunas teenagers están terminando sus estudios en The Holy Names Academy y Mary Help of Christians, en Tampa; otros en Barry College y La Salle de Miami. Hemos tenido noticias también de otros estudiantes latinos en Chicago y California.

Es verdaderamente maravilloso ver la rapidez y cuanto ha crecido nuestro Belle Glade. Se que han pasado cinco años desde que nosotros los Cubanos hemos ido llegando. Y aunque nuestras costumbres y maneras

posiblemente serian algo extraño y difícil para nuestros vecinos Americanos. Realmente nos estamos acostumbrando de lo mejor.

De Madrid, España nos llega la triste nueva que se encuentra en grave estado Luisito Estruñe, de los antiguos dueños del Encanto, Habana. El estuvo con los muchachos de Playa Girón y fue hecho prisionero. Estando en la cárcel, contrajo una disenteria que le causó una hepatitis fuerte, y es la causa de las complicaciones que se le han presentado. Su señora Titi María lo acompaña.

## For Your Infomation

If your headband wrinkles easily, try rubbing it back and forth on a lighted bulb. Your headband will look as good as new.

When your transistor battery wears out, wrap it in aluminum foil and put it in the freezer. After a day, the battery should continue to work for a while longer.

If you stretch a fairly wide rubber band over your school ruler, and make your ruler won't suddenly slip out of place and ruin a line or smear the ink on your paper.

If you spray your finger tips with hair spray before you gather your nylons to put them on, you will run less risk of snagging them on your nails.

When your bobby pins spill all over the bottom of your curler bag, put them in a plastic envelope taped to the side of the bag.

If you're afraid to get your ears pierced, but like the pierced ear look, try gluing on small pearls. Don't use airplane glue, but white Elmer's glue. It looks like the real thing, and doesn't hurt a bit.

After you've cut off the bottom of the legs of your blue jeans don't throw them away. Sew the raw edges together for a curler bag. The top will be already finished off as it is really the bottom of the leg. You can decorate it all kinds of kooky ways: add initials, flowers, or patches.

If a summer blouse or dress is too lightweight to support a favorite pin, put a piece of folded tissue on the inside of the garment and that will hold the jewelry firmly in place.

## Over The Back Fence

What's this we hear about Lynda and Beth taking daily trips to the dike? Something to do with running laps and losing weight?

Have I noticed that Karen Meyer is sporting a diamond ring these days? Congratulations Roger.

Max Outz appears to be courting 3 girls whose last names begin with P. Is that ironic or is it planned Max?

Hey gang, it looks like the BG teenagers are keeping up with all the latest fads including "side walk surfing." There were a number of brace surfers at the dike this Sunday. Janet H., Susie W., Steve H., Beth L., Gerald W., Gary W., Larry B., Billy R., Mary Kate P., Stick, Pam W., and Pat W., Gary W., even broke home a souvenir, notice his elbows.

We got a call recently concerning a fire in 6th Period Contemporary History Class. Now students, we must be careful!

Ann Williams, what on earth were you doing parading around in your petti pants in the halls?

I've noticed several couples keeping company lately? Pam W. and Pat B. Pat M. and Greg J., John Lee H. and Linda S.

We hear the boys attending the National Civitan Convention in Tampa had a great time and learned all at the same time right? Mark B., Billy P., Gene H., Donald B., George P., Eddie V., Victor R., Petie P.

It's been rumored that several great artists are emerging from first period Art. Class, Jane W., Janet H., Pat F., Lynda L., and Beth L. They seem to be famous for their work in trees.

The tennis and golf teams are busily preparing for a successful season - Good luck!

Wow, we heard there was a swimming party in Bean City last week given by Martha L. T.

Congratulations are in order for all those Seniors chosen as Superlatives.

## Rams Run On - Win 2 More

The Golden Rams basketball team pulled a major upset Tuesday night when they topped the Dan McGerty High Eagles 96 to 91 in overtime.

The duo of Gary Mann and Tony Latour combined for 62 points to carry the Rams to victory. They had strong opposition from Bob Snyder of the Eagles who scored 46 points.

The second half was a battle of offense that had the Rams fans on their feet most of the half. As the fourth period was coming to a close the Rams were trailing by three. George McDonald was fouled and got a free throw to narrow the margin to two points. Gary Jones then sunk a jump shot to tie the score at 88-86. The Eagles then got the ball and set up for one last shot which they hoped would win for them. Snyder dribbled the ball until the last second then shot. The ball hit the rim and fell short.

On Saturday night the Rams got revenge for their early season defeat by Marathon by defeating them 65-56 in our home gym.

Friday night in Vero Beach the Rams dropped their game with the Indians 68 to 44. Gary Jones led the Rams in scoring with 17 points.

On Saturday night the Rams got revenge for their early season defeat by Marathon by defeating them 65-56 in our home gym.

Gary Mann was high point man for the game with 28 points. He was followed by Gary Jones with 17 points. George McDonald had 12 rebounds. The loss was the first of the season for Marathon.

## Teacher of Month

Mrs. Hazel T. Litchfield, in her twentieth year of teaching at BGHS, is the Future Teachers' Teacher of the month.

Mrs. Litchfield was born in Havelock, North Carolina. She graduated from high school in Vero Beach in 1929, and entered East Carolina College where she graduated in 1933 with a B. S. in Home Ec. and Science.

Mrs. Litchfield taught for six years in Onslow and Jones County, North Carolina. For the next six years she was a Home Demonstration agent for the government.

Mrs. and Mr. Litchfield were married in 1941 in North Carolina. They moved to Florida the same year and Mrs. Litchfield became the Home Ec. teacher at Belle Glade.

Horse-back riding and exploring new homes and furniture stores to keep up with the changing styles and construction of furniture are her hobbies. Mrs. Litchfield added that a new hobby of hers is the study of famous painters lives. This is a result of the change in her home life. The magazine she reads emphasizes interior decoration rather than the construction of houses.

Under her direction the Home Ec. classes present a fashion show each spring. She also sponsors FFA and Para Medics, both of which are entering candidates for office in the club's state organizations.

## Mr. and Miss Titles Bestowed

The Mr. and Miss titles for each class were bestowed on eight students, two from each class, last week. Each class was asked to choose their Mr. and Miss after carefully considering academic achievement, attitude and appearance.

In addition, Janet is treasurer of the Beta Club, Student Council secretary, vice-president of her church youth group, and a member of FFA.

At the title contest, which was held last week, Steve outstanding honors this year. He was presented the Lineman of the Year trophy and was named to the All-Conference Second Team. During the season, Steve was interviewed on WEAT-TV as Athlete of the Week.

Clubwork rounds out Steve's activities. He is Senior Class Vice President, Interact President, and a member of the Beta Club.

Janet, who was also voted the Most Popular and the Most Attractive senior girl, is a member of the varsity cheerleading squad and represented the Rams as one of the three sponsors at the Belle Glade-Pahokee game.

She has been a member of the band for six years and has qualified to play a solo at state band contest in four out of the first five years.

Pat Bowen, who is president of the Para Medics Club, was a nominee for state president-elect. Scholastic ability has literally paid off for Pat. The Beta Club awarded him \$5.00 last year for having the highest average in the Freshman Class. He was also presented the American Legion Citizenship Award last year.

Sports, too, have been among his many activities. This year Pat played on the B-string football team.

At a class meeting last week, the Juniors were asked to select a Mr. and Miss to represent them as typical students. The results of the election were Karen Harris and Pat Gilbert as Mr. and Miss Junior.

Karen, a bright eyed girl, is active in Rainbows, where she serves as worthy advisor. She is also a member of Beta Club and F. T. A. Her favorite hobbies are piano, skiing, and horse back riding.

Pat, a friendly, athletic boy, plays varsity football and is on the basketball team. His favorite lifts are food and girls.

## No School Jan. 26

Tuesday, January 26 will be a holiday from school for the students but not for the faculty. This has been set aside as Teacher's Planning day.

While the students are having a vacation, the teachers will be compiling semester grades, filling out report cards and completing all necessary records for the semester.

They may also use this day to make preliminary plans for the coming semester.

The date was moved from the 25th to the 26th after losing one school day during Hurricane Isabel. This day will have to be made up some time in the future to meet the state requirement of 180 school days per year.

## FRESHMAN

Students voted for recognition by the Freshman Class were Jodie Averill and Julie Perez.

Jodie's green eyes match her favorite color, green. She, too is kept busy with clubwork. She is a member of the Para Medics Club, pep club, spanish club, and FFA.

Jodie is a new member on the golf team this year.

Sports play a major part in Julie's after-school hours. He started this year's football season on the B-string but was moved up to the varsity. He also participates in basketball, serving on the junior varsity.

## Man, What A Weekend!

If any students were near the cafeteria last Friday around 1:00 P. M., they may have witnessed a strange sight, for right in the middle of the school day a number of the Junior Civilians put their luggage into two cars and hit the road for Tampa. Before you are misled, let me say that one of the cars was driven by Mr. Kenneth Lutz, the very efficient chaperone for the trip.

After an exciting three hour journey, the Junior Civilians arrived at the Sheraton-Tampa which was to be headquarters for all the 450-500 Civilians in attendance of the Convention.

After registering and while waiting on the turtle slow elevator which, it seemed had to stop on every floor, the group was approached by the Lieutenant Governor of Junior Civilians, "Fellas," he said, "I have some bad news. Our convention tomorrow has been called off due to a technicality which I'll explain at the General Assembly tonight. See you at 8:00 P. M. He then rushed off to tell another group the same bad news.

"Well, it looks like we'll see 'Goldfinger' after all - let's find out where it is playing."

The whole entourage then took off for their adjoining rooms to stow their gear, then back down to the lobby and out on the town to find "Goldfinger."

At the first movie house, "Kiss Me Stupid" was playing. "Doesn't sound too infinitely like me," was one comment. "Who wants to see a story of a dumb lover?"

The whole group then cut loose with a Rebel Yell - "On to Goldfinger!"

"Oh, here it is at the Tampa Theatre. When is the next feature? . . . 7:00, 9:25.

Rats! We would have to have General Assembly at 8:00 - we can't make either show. Tomorrow, nothing we stop us. Let's visit the corner cigar store and then go back to the rooms."

By now a lot of time had been wasted, and since Mr. Lutz was to meet us at 7:00 for dinner, we really had to hurry.

Can you imagine standing in a nice warm shower and all of a sudden being bombed with a waste basket full of ice water? It has happened hasn't it, Mark? Of course Donald and Petie got their later!

If you are ever wondering what it feels like to be called by the house detective at 1:30 in the morning, ask Eddie Vandergriff, Gene Hollingsworth, or Vic Riedel, they can tell you.

If you want to know his exact words, ask George Pinon or Mark Bush. It seems they've been promoted to sergeant in the House Detective Corps.

Don't ask Bill Ferguson where he was when the "detective" called, it sounds like he was enjoying the company of those two Civianettes, and their brother, at a party.

Petrie and Donald could have enjoyed the Late Late Show more if they had been able to stay awake enough to see it. Nobody got any sleep away.

Saturday started out early, 7:00 A. M., for breakfast in the hotel dining room, then to a meeting at 9:00.

The Civianettes enjoyed a tour of the "Gardens with the Civitan Ladies," but the Junior Civilians boys had to stay at the meeting with the Senior Civilians. All this, of course, was because they were not able to hold any meetings.

After the noon luncheon, which all attended, a group made tracks for the Tampa Theatre to see "Goldfinger" and it was great.

When it was over, everyone headed back to the hotel to pack up for the journey home. Some of this hearty bunch attended the dance put on by the Student Council while the rest went home to bed!

"Man, What A Weekend!"

## Wonder Wander

This poem is a selection from EPOS, Florida's oldest poetry magazine, which is printed on a century-old treadle press, type set by hand and for love at Crescent City. The magazine is a quarterly, sixteen years old, twelve of them spent in this state.

In the afternoon the children walk like ducks like geese like from from there eyeing bird-trees puppy dogs candy windows sun balls ice cream wagons ladybugs roses bushes fenced yards vacant lots tall buildings and other things big business men take big business walks carry big business briefcases talk about big business affairs in big business voices young girls walk pretty in the streets stroll the avenues lined by shop windows wedding rings lady hats shiny dresses fancy shoes whisper like turkey hens pass the time young men stride on parade dream headed wild-eyed eating up the world with deep glances rubbing empty fingers in their empty pockets and planning me. I wander around soft-shoed easy-legged watching the scene as it goes finding things sea-gull feathers pink baby roses every time I see a letter on the sidewalk.

## Jr. Magazine Sales

The Junior Class magazine sale began January 8 as the juniors attempted to pass last year's Junior Class in sales.

The sale got off to a very slow start, as they tried to reach last year's mark of \$4572. The first day's amount of \$1400 was \$800 short of last year's amount of \$2200.

Each year the Junior Class has surpassed the preceding Junior Class in total amount of magazine sales. "Hard work" were the words for the Junior Class as they tried to reach their goal of \$4500.

I stop and look it might be for me gladly alive me. I mander around smile-flopped big-eyed hands in my pickets in my pretty afternoon. -Lemore Kandel from "Florida Education" magazine published by the Florida Education Association.

## Library Corner

**BOOK OF WEEK** - Don Quixote by Cervantes.

Don Quixote is a poor country gentleman of La Mancha who has his with disordered by inordinate devotion to tales of chivalry and knight hood, and imagines himself called upon to save the world in search of adventures on his old horse (Rocinante), and accounted in rural armour.

The Library Club is sponsoring its annual rummage sale later on in the spring. It is requested that all students contribute to this worthy cause, and save their rummage.

**BOOKWORM OF THE WEEK** - Linda MacDonald is the junior bookworm for this week. She is a member of the Library Club and is usually found in the library, checking in overdue books.

**MOTTO OF THE WEEK** - Whatever your future, do what you need to do to read.

## Tradition

By Mr. Vince Marques

Have you ever heard someone say "Don't do me why we do it this way. We have always done it this way since I can remember." In many instances, this statement precludes any further discussion of the subject at hand with our continuation in a precedent-ordered way. This must have been the idea behind Samuel Walthers' "The Path of a Call," of which the following is a partial quote.

"One day through the primeval wood  
A calf walked home as good calves should.  
But made a trail all bent  
And crooked trail as all calves do.  
Since then three hundred years have fled,  
And I infer the calf is dead.  
But still he left behind his tale.  
And thereby hangs my moral tale.

The trail was taken up next day  
By a lone dog that passed that way.  
And then a wise belittler sheep  
Pursued the trail o'er vale and steep.  
And drew his flock behind him too.  
As good belittlers always do.  
And from that day, o'er vale and glade,  
Through those old woods a path was made.

The years passed on in swift-ness fleet,  
The road became a village;  
And this, before men were aware,  
A city's crowded thoroughfare.  
And soon the central street was this  
Of a renowned metropolis:  
And men two centuries and a half  
Trod in the footsteps of that calf.

Each day a hundred thousand round  
Followed this calf crooked  
And o'er his crooked journey went  
The traffic of a continent.  
And a hundred thousand men were led  
By one calf near three centuries dead.

And followed still his crooked way,  
And lost one hundred years a day.  
And thus whose reverence is lent  
To well established precedent.

Perhaps George Eliot had a more balanced view of the subject when she wrote the following lines in "Spanish Gypsy, Book II."

"... Two angels guided  
The path of man, both aged and yet young.  
As angels are, ripening through endless years,  
On one he leans; some call her Memory.  
Some Tradition; and her voice is sweet,  
With deep mysterious accents:  
The other, Floating above, holds down a lamp which streams  
A light divine and searching on the earth,  
Compelling eyes and footsteps.  
Memory yields  
Yet clings with loving clasp, and shines anew.  
Reflecting all the rays of that bright lamp.  
Our angel Reason holds. We had not walked  
But Tradition; we walk evermore  
To higher paths by brightening Reason's lamp.

The philosophy expressed in these two writings seems to be consistent with the Biblical admonitions to not put new wine in old bottles and to not wear new cloth to old garments, even though the results have become less disastrous with the coming of sterilization and sanforization, the message remains intact - avoid extremes, keep a balance between what was and what is. Today comes into being through the composite contributions of all our yesterday's, yet only as it is tempered with the Present and brought into clear focus by the soon to be revealed events of Tomorrow.

All ingredients must be weighed, measured and added to proper proportions. Tradition serves an important motivational purpose in many instances but it should never be given such singular importance that other forces operative at the time ignore it.

# Plans Now Underway For Jaycees' 12th Annual Harvest Queen Contest

The Jaycee sponsored Annual Harvest Queen Contest and Ball, from the very first event, has been one of the community's outstanding social affairs of the year.

Interest is sparked early each year as the area's fairest of the crop of young ladies, along about this time annually, pick up application blanks preparatory to getting into the swing of things.

The contest is open to single girls 16 and above, who must each find a sponsor who will pay the required \$35.00 fee for each girl. Each contestant must have her parent's or guardian's signature on the application blank which includes symmetrical description of the entrant, color of hair, color of eyes, education, ambition and hobby.

Many of the girls give little if any thought to being a winner. Being queen isn't the prime consideration . . . but they've watched from the sidelines in previous years as big sister or older friend brought a chorus of "ohs and ahs" . . . and exclamations of "isn't she just beautiful." They're looked forward to being sixteen and being an active part of all the splendor.

FIRST HARVEST QUEEN CONTEST held in the spring of 1954 following the organization and chartering of the Jaycees in October of 1953. Dolores Abbott was the first queen — Emily Henderson and Jane Webster Klanjac runners-up. Bobby Newman was the first Jaycee president and Harold Rabin was City Mayor that year.

LAST YEAR'S HARVEST QUEEN WINNER — Dee Dee Mikovsky won the crown which was placed by the former queen Patsy Crosby, of Pahokee, Pat Fahler and Dottie Lair placed in the top three.

PLANNING SESSION FOR HARVEST QUEEN EVENT — Senator Jerry Thomas plays an active role working with local Jaycees. Mrs. Alice Mixson is the coordinator again this year. Committee workers are Ray Alston, Al Maloy and Bill Aspey.

## WHY JAYCEES

By M. E. (Milt) McKay  
The Junior Chamber of Commerce is an international organization aimed at accomplishing five purposes:

1. To train young men for leadership.
2. To give young men a voice in community affairs.
3. To allow young men to participate in community activities.
4. To improve the community by conducting community improvement and service programs.
5. To further democracy in the free enterprise system.

The Jaycees afford an individual member the opportunity to learn and organize his work, to acquire skills in delegation of work and leadership; to think independently, to make decisions for himself, and to speak confidently before groups; to learn to conduct meetings and to utilize ideas suggested by others.

Jaycees in this community and in all communities have always attempted to engage in some up to become leaders in an activity which they felt was worthwhile to the community. Specific examples of that might be, locally, Lebron Williams, who was a local president, moved on to Mayor; Jerry Thomas, one of the most promising political figures today in the country, is a past and dedicated Jaycee member; Scott Kelly began his training with the Jaycees. These are just a few examples of men who will readily admit to you that the Jaycees help them in many ways to acquire

the knowledge, finesse and sophistication to continue in their chosen field.

The Florida Jaycees consist of 20 districts. The district in which the Belle Glade Jaycees belong is composed of Belle Glade, West Palm Beach, Jupiter-Tequesta, Riviera Beach, Palm Springs, Lake Worth and Pahokee. The districts, of course, comprise the state composite for the Jaycees and there is a national and an international affiliation. Currently, the state president of the Florida Junior Chamber of Commerce is a West Palm Beach resident, Frank Foster.

The aims of the Jaycees comprise basically two purposes: (a) to improve your community and (b) to improve yourself. The Belle Glade Jaycees have always been leaders in their district and in the state. They have supplied many district and state officers throughout their period of existence.

## The Jaycee Creed

- We believe:
- That faith in God gives meaning and purpose to human life!
  - That the brotherhood of man transcends the sovereignty of nations;
  - That economic justice can best be won by free men through free enterprise;
  - That government should be of laws rather than of men;
  - That earth's great treasure lies in human personality;
  - And that service to humanity is the best work of life.

## LAKE HARBOR NOTES

By W. E. C. R. - WT 8-2275

Shown here are two of the 30 members of the world famous Tamburizans who will present their spectacular two hour performance on Wednesday evening, Feb. 3, at Palm Beach High School Auditorium. Every seat has been reserved for the tremendous show, and the tickets are currently on sale at Burdies, West Palm Beach. Pictured here are Tom Vesolich and Franci Mavretic, who have featured roles in some of the amazing dancing by the Tamburizans.

## Auto Tag Fees on U. S. AAA Says Don't Deduct 1964 Income Tax Form

Amounts paid out for state and local registration fees and drivers' licenses are no longer deductible for the average motorist when filing your Federal income tax return, R. J. Finley, Manager of the East Florida AAA Division, reminded today.

This is the major change from previous years in the AAA's new edition of its annual "Automobile Income Tax Deductions" pamphlet which sets down the rules governing what motorists can deduct from income tax because of car ownership.

The AAA tax guide goes on to say that those who itemize their deductions may still deduct amounts paid in state gasoline taxes. The Federal tax of 4 cents a gallon is not deductible, however, it stressed.

The change in the state registration and drivers' license fees came about as the result of a provision in the 1964 income tax reduction bill. As it emerged from the House, the bill prohibited deduction for both registration fees and state

gas taxes. Upon sharp protest by AAA and its clubs, the Senate removed this provision but the part relating to registration fees was restored in conference.

The pamphlet points out other deductions are allowed if the car is used only on personal business including state and city sales taxes on purchase of a car, interest on money borrowed on the security of the automobile, and certain losses not covered by insurance.

"A wide range of other deductions, including state and local registration fees and driver's licenses, may be allowed if the car is used partly or wholly for business purposes. But driving back and forth to work is not regarded by Uncle Sam as a business purpose," Finley said.

The main causes of disability in the United States, apart from accidents, include mental and emotional disorders, diseases of the heart and blood vessel system, arthritis and rheumatic diseases, neurological diseases, cancer, diabetes mellitus, and special problems such as deformities and premature aging of the tissues. To some degree, each is responsive to drug therapy.

Mr. and Mrs. L. J. Gerrey and Ronnie spent Saturday at Fishing Creek with Mr. and Mrs. Jim Brannan and sons of Clewiston.

## Free Radio Messages To Servicemen At So. Florida Fair And Exposition

Free radio messages to servicemen in the United States, most foreign countries and ships at sea may be sent by visitors to the South Florida Fair and Exposition January-22 through 30, according to Palm Beach County Civil Defense Director Colonel Ellis F. Altman (U. S. Army, Retired).

Colonel Altman said he will set up a communications network relay point in the complex of the Army-produced "Sho-Cauch 'You and Survival'" which his men will man during the exposition. From this point, radio messages will be relayed to the main radio station in the Civil Defense Emergency Operating Center, 3725 Belvedere Road, West Palm Beach. Then the messages will be relayed to ham operators and facilities of the Military Associates Radio Service (MARS) throughout the world.

The only overseas countries we can relay to, however, must have an Army or Airforce Post Office address or a Naval Postal facility in order to enable us to properly route the message. Messages overseas are limited to U. S. servicemen, civilian employees and their dependents.

"No messages will be accepted for Cuba or other from Communist countries," the Colonel said.

In a similar service last year, 2800 messages were processed during the nine day exhibition, with QSL (acknowledgment) letters from many operators throughout the world. As always, the Army exhibit is open to the public without charge.

DISPLAY OF ARMY'S FUTURE

The United States Army's BLUEPRINTS FOR THE FUTURE exhibit, a mobile van displaying nothing older than today and much as new as tomorrow, is scheduled to appear at the South Florida Fair and Exposition January 22 through 30, as part of a two-day Army show.

BLUEPRINTS will have the spotlight with the "YOU AND SURVIVAL" at the same time and course. The van uses sound, light and technicolor to dramatically

portray the importance of the Army's Research and Development program — a program geared to the individual soldier and to keeping him the best clothed, armed and equipped the world has ever seen.

A live demonstration of a revolutionary new Army development in the control and application of light — the LASER (Light Amplification by Stimulated Emission of Radiation) — forms one highlight of the display. During the demonstration the LASER will emit a coherent visible beam of light piercing a sheet of metal during periodic firings. Owing to the heat generated by each demonstration, firings are generally limited to one each hour.

Models, photographs, animations, technimated drawings, a diagram of new communications equipment, and a movie on air mobility cover other areas of the Army's vast research and development program . . . ranging from the search for and development of super-strength paper uniforms and radar systems that can "see" the sound of a man walking almost a mile away, to missile-firing tanks and jet aircraft that take off like helicopters and fly like conventional planes.

Following this appearance, the BLUEPRINTS FOR THE FUTURE will travel to Miami for a showing at the Northside Shopping Center, then proceed on a tour of cities and towns throughout the United States.

## Buick Special V-6 goes easy on gas.

Its low price goes hard on your resistance.

We put 6 big reasons to buy a Buick Special under the hood. And another small one on the price tag. The six are a set of the liveliest, thriftiest cylinders that ever ripped you merrily on your way. They're all arranged in neat, smooth V-fashion. They add up to 225 cubic inches and 155 horsepower, and make other arrangements of 6 cylinders seem primitive. That's not all. Special sports Buick comfort, Buick style and traditional Buick quality. The price tag? We saved the best for last.

## -Your Library-

There has been a shift in emphasis in the book selection at your library. Those of you who automatically zero in on the shelf of new books as they enter are going to find in 1965 that more of those lined up on top of the card file, and elsewhere on display, will be non-fiction.

Miss Vera Nistendirk, Director of Extension with the Florida State Library, spent some time in early December evaluating our library, and discussing the collection with members of the Library Board, and the Librarian, Mrs. Bettie Harris. She commented that the collection was an excellent one,

considering the budget on which we operate. However, she drew up an extensive list of books for suggested purchase, which she felt would help us to provide better service to those who come to the library looking for information, and do not find it there. Realizing that our non-fiction collection has suffered at the expense of fiction, we are following her advice.

Forty-three from her list of suggested titles have already been ordered, and received. Typical ones are these: **HOW TO RUN A SMALL BUSINESS**, **Lasser Tax Institute**. A practical guide for the operator of a retail store, small

Charles Ruff was appointed Junior Assistant Scoutmaster by Fred White, Scoutmaster. Den Chief warrant was presented to Brian Moore by Chairman Reginald Lewis.

Presentation of First Class badges was made to Steve Close, Charles Close, Steve Berryhill and Scott Berryhill by Scoutmaster White.

Merit badges were presented by the Scoutmaster as follows: Brian Moore, rowing, canoeing, nature, first aid and citizenship in the community. Paul White, dog care, first aid, personal fitness and canoeing. Charles Ruff, first aid and citizenship in home. Also, cycling merit badges were awarded to Steve Close, Charles Close, Scott Berryhill and Steve Berryhill.

Dr. Charles Haines, Troop Committee Chairman, called Brian Moore forward and he was awarded the rank of Life Scout, second highest rank in scouting.

After adjournment, refreshments were served by the troop mothers and enjoyed by all.

### Farmer's Tax Guide Booklet Now Available

The 1965 edition of **FARMER'S TAX GUIDE** is now available. Laurie W. Tomlinson, District Director of Internal Revenue announced today. The **FARMER'S TAX GUIDE**, a free 64 page booklet, contains the answers to most of the Federal tax problems the farmer will encounter in his farming operations.

The new edition describes many changes of importance to farmers, most of which result from the new laws passed by Congress during its last session. Included are the new rules for computing the cost of operating your business automobile at a mile; and the more liberal rules regarding medical expenses for taxpayers 65 and over and charitable contributions for all taxpayers.

Also explained are the new restrictions placed on deductions for taxes, personal casualty and theft losses, and the taxation as ordinary income of the gain on certain depreciable property.

The booklet features a filled-in sample farm return, including Schedule F, Form 3468 (illustrating the computation of the investment credit), and the other schedules needed to compute the farmer's tax liability. "News Items in this Edition," a new feature added this year, identifies the most important changes and additions discussed. It helps locate them easily in the booklet.

**FARMER'S TAX GUIDE** may be obtained free from County Agents and from all Internal Revenue offices.

### Ralph Johnson Is New President Of Children's Home

Appointment of 14 prominent Palm Beach Co. residents to the South Coastal Division Board of Directors, Children's Home Society of Florida, has been announced.

Appointed president of the new board has been Ralph O. Johnson, Pahokee city attorney. Johnson is a partner in the law firm McKay and Johnson, Belle Glade and Pahokee.

Vice President will be Pat Snow, head of the Jupiter branch of the Community Federal Savings and Loan Assn. of Riviera Beach.

Other officers will be Mrs. Sanford Kavin, West Palm Beach, secretary, and Mrs. J. Pat Corrigan, Vero Beach, treasurer.

The 14 Palm Beach County residents will serve with six other directors on the new board which was formally organized the evening of Jan. 12 at West Palm Beach.

Other Palm Beach County appointees are: M. P. Caldwell Sr., attorney, 250 Pendleton Ave.; James E. Hollenbeck, Jr., real estate, 220 Monterey Rd.; and Dr. Lawrence Leviton, pediatrician, 244 Wells Rd., Palm Beach; Dr. Jack Reuley, OB-GYN, 314 Washington Rd.; Rev. W. Thompson, personnel director RCA, 532 Kingfish Rd. and Dr. Van W. Bearinger, manager, Honeywell, No. Palm Beach.

The Children's Home Society, largest private adoption agency in Florida, opened its office in W. Palm Beach in April. Since that time Mr. Frank Beltrami, division director, W. Palm Beach, has been organizing the five counties under its jurisdiction into a division. Tuesday's meeting will mark the official start of the South Coastal Division of CHS. The five counties are Palm Beach, Martin, St. Lucie, Indian River and Okeechobee.

Residents of these counties desirous of adoption services may contact the local office for prompt attention.

Appointees from the other counties are Sen. John F. McCarty and Mrs. William Bo Johnston, Ft. Pierce; County Judge G. E. Bryant Jr., Okeechobee; James F. Littman, Stuart; and Ralph W. Sedgwick, President Federal Savings and Loan Assn., Vero Beach.

### Domestic Farm Labor Perverted Dream

"Commissioner Doyle Conner says, 'General opinion seems to be the Labor department's crash program to recruit domestic labor will be a flop and it won't be long before the doors will be thrown wide open to importation of foreign workers under the U. S. Immigration statutes, now that the "Bracero Law," (P. L. 78) has expired. "As things stood at the end

of December, Florida's hourly wage minimum had been set at 95 cents for the first three months of 1965, and on April 1 it will go up to \$1.15 an hour. In California it was set at \$1.25 and will rise to \$1.40.

"In Texas and New Mexico the starting minimum is 90 cents, but it will rise to \$1.15 on April 1.

### Paul Rogers Asks All Votes Recorded On Spending Bills

Congressman Paul Rogers of Florida's 6th District today introduced a bill reforming the House of Representatives' rules to require that each Congressman's vote on Government spending bills be recorded.

Rogers said, "At present there is no requirement in the Congress that votes be recorded on bills appropriating money for Federal spending. If each Congressman's vote on every spending bill before the House were made a matter of public record I believe such bills would be considered more closely and unnecessary spending would be reduced."

The Florida Congressman stated that during the last two sessions of the 88th Congress which adjourned last year 65 percent of the votes cast in the House on such bills were recorded.

"Yet in the House alone voting was unrecorded on bills approving over \$22 billion, and the taxpayers are entitled to know how their elected Repres-

sentatives voted on such sums," Congressman Rogers said.

He also pointed out that requiring the roll to be called when votes are taken on spending bills would improve attendance during the bill's debate.

"The record shows that 87 percent of the members of the House were present when votes were taken on money bills in the 88th Congress. That figure

"ought to be higher," the Congressman concluded.

### Students In Art Win Trophy

On January 12, 1965, students of the Art Department under the direction of Mr. Leroy Williams won the S. M. Murrell Memorial Trophy for the Tuberculosis poster contest. This trophy was donated by the Faculty of Westward Junior High School.

The poster contest was sponsored by the Tuberculosis and Health Association of West Palm Beach, Junior and Senior members of the Art department would keep fresh the memories for the last nine years and have won first prize for eight years from 1956-1962. In 1963 Junior High Art students won first prize and in 1964 first prize was won in both Junior and senior high departments. It takes about two weeks to make the posters spelling T. B. Seals and stamps. This is a project for art students.

### Editor Speaks: Why Purchase A Yearbook?

Too many of us have failed to pay our yearbook fee. This shows our lack of school spirit. If we really loved Lake Shore High, we would pay the \$4.00 for the yearbook. This yearbook would keep fresh the memories of school, and all its carefree moments. A yearbook can remind you of moments of extreme joy, and biting sadness. The football games, the basketball games, the softball games, all are found in yearbooks. The Junior-Senior Prom and all of its fascinations can be recalled with one look at the yearbook. The intense happiness felt at the Homecoming activities can be relived in mind. The ring ceremony with new horizons to be conquered can be relived. All phases of school life can be recalled through the yearbook. Don't deprive the seniors of their yearbook. It doesn't cost much, but it's so sentimental. It is a record of our last year at Lake Shore High. Lake Shore means so much to us, that we must have a yearbook to cherish. In the long run it can be beneficial to everybody at Lake Shore. If you pay your yearbook fee, we will have the best annual Lake Shore has produced. The seniors want to do this for Lake Shore. We want the best of everything. Let us have a dynamic yearbook.

### Success

Quite often, the question has been asked, "What does it take to be successful?" This question is really very simple as long as you can think of things to say. Well, in a real life situation, the same question was tackled by two students at a high school. The first, a boy, was quite baffled by the question and was astounded because he couldn't give a score of answers. The teachers not being satisfied, asked a young lady the same question. The two, baffled at first, were later able to rattle off quite a few things that lacked skill. This question still stands to be answered by all of us. First, let me say that success isn't brought to anyone without working toward it, whether it be honest or cheated but of course, honesty is best.

Each of us is given a key, a lock, and a door. To open the door must have a key but to lift that key, you must have:

1. Determination.
2. Persistence.
3. Know-How

These are three important factors pertinent to success. Many have been led to believe that success depends upon the amount of education you have but this has been proved false by the many unsuccessful but well learned scholars of our day and of times past. Each of us has the necessary tools required to be successful, so why not use them?

### Vivid Imagination

Dorothy Gay

Readers, for the following message, make yourself comfortable, set your mind at ease, and cast your eyes upon the future Lake Shore High School.

The time is 10:00 A. M. date, September 5, 1975. The persons involved are the faculty, students, janitors and other aids of the school. The day begins with all teachers and students signing in at the office. By signing in, you press a button. Each student goes to the various classes held. The rooms are labeled lounge I-XVII (one-seventeen). There are also dining halls, breakfast rooms, study hall classes.

The teachers are now preparing a lesson plan for the year of study and a test on the movie stars during a cocktail hour. The students are beginning a Rocking B. Daddy Class. And the janitors are in their lounge preparing a tour of Cuba for the many assistants they have.

The class day ends with three classes of study. The faculty leaves with a feeling of a hard day's work; students leave with a promise of yet better days to come; and the janitors leave with a greater desire to plan.

The fabulous description of Lake Shore High as follows: a three story building with escalator stairs, glass sliding doors to every class room. Built in seats in the walls for chairs, and an automatic clock with a system of lighting which changes colors with the time of day. One building extends five blocks in which there is a dormitory where students may go to relax. During the day the sun helps the marble to shine with a golden glow and at night the moon gives a lovely array of many colors of grandeur.

The school year term is shortened to five months because the school advocated a time for vacations to foreign countries for the students. On this tour to foreign countries they will meet such great singers as Mary Wells, Joe Tex and the Supremes, and get experience commensurate of four months in school.

### Recreational Yet Educational

Have you ever wondered why physical education is offered as a basic course in High School? Some think that Physical Education is a waste of time and nothing else. Some students feel as though the course is a means to an end.

Physical Education can help the body physically. A course in Physical Ed. could benefit one in the future. Many of the great athletes took physical education in school.

By dressing everyday and participating in activities one will become more active and one will eventually want to participate more.

President Kennedy organized the Physical Fitness Program not only for young people but for adults also.

One will find that physical education aids instead of harms the body.

All young people should eagerly look forward to this particular hour of the day. This phase of the curriculum offers time for relaxation, recreation, and release of tension.

### Student Of The Week

We are continuing to our seventh-grade student of the week. Even though it is difficult to apply all of the qualifications to them, we can still arrive at some prospective of Lake Shore High School.

This week's student of the week is a seventh-grader who, through his hard work, has shown great promise of success. He is a native of Belle Glade, Florida. He was born in 1951. Since entering school at Okechobee Elementary and coming to Lake Shore, he has maintained a B-plus average.

We take pride in presenting George Eddie Kears as our student-of-the-week. We extend personal compliments to George along with encouragement to continue on the road to success.

### Organizations Notes

N. H. A.

The New Homemakers of America are planning to have a demonstration on different hairstyles by Mrs. Dendard and Mrs. Frazier, beauticians in the community.

Those beauticians will be out for the demonstration on Tuesday, January 19, 1965.

This demonstration is one of many projects that the New Homemakers of America have planned in order to reach their goal, "Discovering myself and my world to others."

Other projects that are being planned and carried on are as follows:

1. Carrying out a survey in the high school to find out opinions of teenagers on such topics as early marriages, dating, going steady, smoking, drinking, and dishonesty. The results of this survey will be used as a basis for discussing "Do teenagers live by the virtues they say they hold?"
2. At two first meeting of the year, in February, the members will discuss what is meant by a "philosophy of life". These things are being done so that Lake Shore High School will have a better N. H. A.

### Allen University To Appear In Concert

The Safety Patrol of Lake Shore High School presents The Allen University Choir Tuesday, January 26, 1965, at Lake Shore High School Gymnasium at 8:00 p. m.

The Allen University Choir will be coming from Columbia, South Carolina to make its third appearance at Lake Shore High.

The Patrol is sponsoring the Choir in order to raise money to go to Washington in March.

We urge everyone to purchase a ticket from any member of the Patrol or their sponsor. The members of the Patrol are inviting everyone to come out and enjoy the program.

### Mimi's Column

Stop! Look! Read! and figure out what the latest happenings are all about.

B. L. I saw you going to the movies with W. S. Furthermore, I hear he's taking you next Sunday night. How about that B. L.? Are you with that?

H. J. I heard you bought a certain fellow a present, but instead of giving it to him you gave it to your brother. What happened? Did you get disappointed?

K. F. since J. J. W., has placed that engagement ring on S. O. M.'s finger where does this leave you? Are you hipped?

L. M. I heard you have an eye for an old flame M. A. F. Is she what that?

B. C. A. I have been told that you have found another love W. J. H. Is this true?

S. A. B. if you and D. C. are really in love why don't you let the world know it? Oh, excuse me, have I exposed a secret love?

Confidentially J. G. B. hold on to what you've got, because someone will have her before you can count 1-2-3.

After ten years C. S. has finally decided to settle down. Has a change come at last? Did you later.

### Tips To The Females

What's cooking? Suppose we part from the regular grooming hints and try our "white thumbs" in the kitchen.

**Easy Drop Cookies**

1/2 cup margarine or shortening  
1 cup sugar  
2 eggs  
1 teaspoon vanilla  
2/3 cup raisins  
4 teaspoons baking powder  
1/2 teaspoon soda  
1/2 teaspoon salt  
2/3 cup soured milk (about)  
3 cups sifted flour  
Oven temperature: 375 degrees F.  
Baking Time: 10 minutes or more.  
Yield: 60 (about)

Add the sugar GRADUALLY TO CREAMED FAT in a mixing bowl; beat in the eggs one at a time. Add the vanilla and raisins. Add the sifted dry ingredients alternately with enough soured milk to make a drop dough. Drop from teaspoon on greased baking sheets half an inch apart. Bake to a delicate brown in a moderately hot oven. Remove from the sheets to cake racks and cool. (For soured milk Stir 1 tablespoon vinegar into 1 cup lukewarm milk and let it stand 10 minutes).

### Granny Advises

Dear Granny,

There's a situation in the Physical Education Dept., at our school where, if a person doesn't dress he has to take a trip to the bookroom (which results in a whipping) regardless of excuse. I don't agree with this because a person should just receive a flunking grade. It hurts more even if not in the same place.

Unchangeable

Dear Unchangeable,

A student should change everyday if it's required and should obey the teacher. I'm sure your teacher means for you to change but not to participate if you're ill.

Sometimes a person may flunk and still does not try to improve his grades. A trip to the bookroom will help to improve that grade and help him gain a better knowledge of Physical Education.

Trips to the Becker room proved to be very helpful and convincing during my day.

Granny

Dear Granny,

Would you please answer this question for the benefit of a friend of mine? Should you allow your date to kiss you on the first date?

O. W.

Dear O. W.

It is a custom that a girl does not kiss a boy on her first date. After you've dated this boy several times, you may give him a light affectionate kiss to show that you have enjoyed his company.

### Tribute!

Is this an unjustified tribute to the late and great Sam Cooke?

I would like to give my version of his latest recording "A Change Is Going to Come."

I was born by a river in a little tent and just like a river, I've been running ever since. It's been so hard living, but I am afraid to die, and that's why I don't know what's in Yonder's sky. It's been a long time coming, but I know a change is going to come. I go to my brother and say, "brother help me please," but he winds up knocking me back out on my knees. Sometimes I think I can't last for long, but somehow I get the faith to carry on. It's been a long time coming, but I know change is going to come.

This is reminiscent of the late singer's life. Even though it's only a song most of our lives can be.

### The Tiger of the year was just named Car of the Year by Motor Trend.

If that isn't enough of a hint, by Quick Wide-Track. (This is their year.) Or Turbo Hydra-Matic, the new transmission you can order that does away with shifting between shifts. Coupled with the quicker engines for the '65 Pontiac, it saves the roaring for whenever you need it. When you don't, the extra-sport engines let you just loaf along. And this looting gives you the kind of economy you wouldn't expect from a looker like the '65 Pontiac. See your Pontiac dealer, HE'll show you all 32 Pontiacs that are the "Car of the Year." They're the buy of the year, too.
